

## **GIGAnet from Vi continues to be the fastest 4G network in India in Oct to Dec '20: Ookla®**

**GIGAnet from Vi delivered fastest 4G Download and Upload speeds in 142 cities across 16 Indian states in Q4 2020 - further improving its top ranking performance of Q3 2020**

**Mumbai, February 10, 2021: GIGAnet from Vi** has been verified as the **fastest 4G network across India** for the second consecutive quarter, by **Ookla** - the global leader in broadband testing and web-based network diagnostic applications. **Vi delivered the fastest 4G Download and Upload speeds compared to all other operators in Oct – Dec '20 quarter, making it the only operator delivering fastest speed consistently over six months' period on a pan-India basis, as per Ookla.**

The fastest 4G network verification is based on analysis by Ookla of tests taken with Speedtest by 4G users across the country.

**GIGAnet from Vi** has been verified as the fastest 4G network for average download speeds in 16 Indian states - **Maharashtra, Uttar Pradesh, Gujarat, West Bengal, Delhi, Kerala, Rajasthan, Madhya Pradesh, Chhattisgarh, Jharkhand, Sikkim, Assam, Manipur, Tripura, Mizoram and Nagaland.** **Vi** has topped the speed charts for average download speeds in **142 cities** including **Ahmedabad, Lucknow, Jaipur, Indore, Patna, Ranchi, Rajkot, Vadodara, Agra, Kochi, Thiruvananthapuram,** as well as the metros of **Mumbai, Delhi NCR and Kolkata, among others – improving its own performance of Q3 2020 when it was ranked fastest in 120 cities.**

Speaking on the performance, **Ravinder Takkar, MD & CEO, Vodafone Idea Limited** said *“Ookla has verified Vi as the fastest 4G network pan-India from July to Dec '20, close on the heels of the TRAI report showing Vodafone Idea delivering highest call quality for three consecutive months from Nov '20 to Jan '21. Such external validation for our voice and data services, is a strong testimony of our efforts to strengthen network experience for our customers, who are now more reliant on telecom connectivity for their work, education and all other aspects of life. I am confident that our robust network built on many principles of 5G architecture, and service offerings designed for the new age Digital Indians, will enable people and businesses to stay ahead and thrive.”*

As per the latest TRAI MyCall report for January '21, Vodafone Idea delivered highest voice quality for the third month in a row, and was the only operator to score over 4 points on a scale of 1 to 5.

With the largest spectrum portfolio in India and the completion of network integration last year, Vi has more than doubled its capacity, enabling the delivery of a superior network experience for individual and enterprise customers. To build a future-ready, integrated network platform, Vi has deployed advanced technologies and has been re-farming spectrum for 4G, resulting in doubling of both capacities and speed over a period of two years.
