

Vi encourages residents of Raipur to follow safety norms

- **undertakes mask distribution activity at key locations in the city**

Raipur, June 16, 2021: While the Government of India has made the usage of face masks mandatory during the ongoing pandemic, there have been multiple cases of citizens being out in public places without wearing masks. Traffic police have been conducting random checks amongst citizens, levying fines on those who are not following the guidelines of wearing the mask. With the objective of enhancing social awareness on usage of face masks, and simplify access to face masks, India's leading telecom services provider **Vi**, has in association with the city traffic police, initiated a mask distribution activity in Raipur. The activity is being carried out at 5 locations in the city, including prime traffic locations like Phool Chowk, Telibandha Chowk, Fafadih Chowk, Sankar Nagar Chowk, Ghadi Chowk, Pandri bus stop.

For the convenience of citizens, **Vi** has set up kiosks containing the masks at Traffic Police check points in the city. Those citizens who are found without mask by the Traffic Police, can thus simply pick up a mask from the kiosk and wear it. Each triple layer mask is individually packed to ensure contactless distribution. **Vi** has also stationed promoters at each check point to guide citizens to the kiosk and wear the mask properly, covering their nose and mouth.

Vi is conducting the mask distribution activity in Raipur till 19th June 2021.
