

Vi HAS THE LARGEST SPECTRUM HOLDING IN HARYANA

Hissar, 29th June 2021: **GIGAnet** from **VI** is the largest telecom network in Haryana serving 7.8 million customers across more than 6500 towns & Villages in the state.

VI holds 106 MHz spectrum in Haryana, across 900, 1800, 2100 and 2500 bands. Highest deployment of most efficient 900 MHz band spectrum in the state ensures better voice clarity and indoor experience for customers.

Mukul Sharma, Cluster Business Head- Haryana, Punjab, HP, J&K, Vodafone Idea Limited, said “*We are committed to keep our customers in Haryana connected on the best 4G network, with a range of services beyond just voice and data. Vi has the largest spectrum deployment in the state and the highest quantum of most efficient 900 MHz band spectrum, ensuring better voice and data experience even indoors. With our robust network and increased capacities, we are enabling our customers to conveniently avail essential services like education, healthcare, ecommerce as well as entertainment, from the safety of their homes.*”

Efficient mix of FDD and TDD sites has enabled Vi to enhance network speed and capacity, multi fold. **GIGAnet** from **VI** was verified the fastest 4G network in India for three consecutive quarters between July 2020 to March 2021

To cater to the high data demand amongst students and working professionals who have had to resort to study and work from home due to the extended pandemic, **Vi** has a choice of value offers for customers:
