The integrated Vodafone Idea network in the 5 Districts of Maharashtra is now bigger, stronger & faster. With 300 sites in Nashik, the coverage for Vodafone and Idea brands has increased by 32% and 21% respectively.

According to **Vishant Vora, Chief Technology Officer, Vodafone Idea Ltd.**, *“With the integration of two strong networks in many markets, Vodafone Idea is now a higher powered, super charged 4G network on the back of larger number of sites, deployment of future fit technologies and greater spectrum allocation. TurboNet truly defines the reinvented 4G network which promises to deliver wider coverage, increased capacity, turbo speeds and superior customer experience. Our unified network is being presented to customers of both brands under a single brand proposition – TurboNet 4G – in all the integrated markets in India. So, whether you are a Vodafone or Idea customer, your network is now bigger, stronger and better.”*

Vodafone Idea’s **TurboNet 4G** is being rolled out across the country over the last few months. The network integration exercise is continuing at a rapid pace with 84% of districts in India already consolidated.

To integrate and optimize the network across markets, seamlessly, war rooms have been set-up at national and circle levels to monitor and manage network performance on a real time basis led by a 24/7 functioning world-class SNOC (Super Network Operating Centre) in Pune.

As per Ookla, the global leader in broadband testing and web-based network diagnostic applications, Vodafone and Idea brands are delivering fastest upload and download 4G speeds in many of the integrated markets. More details on www.vodafoneidea.com
